#### Noticeable advantage for the user:

- One tool for many materials
- Does away with tiresome tool changes
- Save time through faster cuts
- Cut stone and metal with one disc

# THE ALLCUT BY BRAINTOOLS® CUT WITH NO TOOL CHANGE.

„Universal“ is often a promise tainted by compromise. Universal tools can generally do a bit of everything but nothing really well. Our goal was to design a tool for all regular work on building sites and for all types of material. A genuine multi-purpose tool, with no compromises. It has earned its name: ALLCUT®.

DETLEV SOMMERFELD, Rhodius-Application Engineer

**BRAINTOOLS®**

**Material:**

- Concrete products
- Reinforced concrete
- Natural stone
- building materials
- Steel
- Tiles
- Wood
- Plastics
- GFK

**Application examples:**

- Cutting of floor slabs
- Wall openings
- Brick grooves
- External bricks
- roofing tiles

**Product advantages:**

- Universal application
- High cutting speed
- Very long lifetime
- High stock removal
- Short cutting times
- Comfortable cutting behaviour
- Efficient
- Easy cutting
- Wet and dry cutting

 Stock removal: ●●●●●●

The ALLCUT allows reliable, fast cutting of many materials with a cool cut. The diamonds are mounted directly on the special core to provide a constantly high cutting power until they are fully worn out. It works highly efficiently on stone thanks to its extremely long life. Its performance on steel makes it the ideal all-rounder. This makes the ALLCUT the ideal tool if the concrete working requirements are not known in advance. Its broad processing and material range also saves tiresome tool changes.

## DG210 ALLCUT

Size	Product Code	Accessories	Unit
115 x 3,0 x 2,5 x 22,23	303387		1
125 x 3,0 x 2,5 x 22,23	303388		1
150 x 3,0 x 2,5 x 22,23	303389		1
180 x 3,0 x 2,8 x 22,23	303390		1
230 x 3,0 x 2,8 x 22,23	303391		1
300 x 3,0 x 3,1 x 25,40 <sup>1)</sup>	303366		1
350 x 3,0 x 3,1 x 25,40 <sup>1)</sup>	303368		1
400 x 3,0 x 3,3 x 25,40 <sup>1)</sup>	303369		1
500 x 3,0 x 3,9 x 25,40 <sup>1)</sup>	303370		1
600 x 3,0 x 4,1 x 25,40 <sup>1)</sup>	303371		1

<sup>1)</sup> Reducing bushes - 20.00 and 22.23 mm - are included

Cool and clean cut

Versatile in application: even cuts steel
